<p>During the years I have lived here, I have witnessed several car accidents — outside my own home, by the properties now proposed for demolition, and at both sets of traffic lights at either end of the road. These accidents have ended in many major casualties including the loss of life of pedestrians, including young children. Adding an access road for 51 homes will only worsen this situation. More cars entering and exiting the new road will increase the risk of further accidents, putting both local residents and children at greater risk.</p>
