please remove my details this will have a massive impact on the greenery of this area, in the past there were horses, sheep, goats, chicken, many bird species nesting in the hedges would be a great shame to lose this kind of nature for over populated houses on the busiest road ever. Layout of the plans is awful too many houses in such a small space with no new boundaries. No new green/nature area, but a sewage tanks which is likey to flood due to the fall of the land.
