<p>Leeds Road is already an accident waiting to happen the speed at which cars travel up and do own this road is well above 30mph. At busy times it is difficult to turn onto our drive as other vehicles travel up the central reservation to access Alma Lane. To add another road where an excess of 100 cars due to so many dwellings planning to be built will add further problems so near to an already busy crossroads of Stubley Farm Lane and Alma Lane.</p> <p>I also object to the sewage tanks which will be installed directly on my boundary wall. Having researched what impact these can have on a building eg the vibration cause disturbance to the buildings structure it is NOT acceptable so near to my home. Not to mention if these tanks flood, we have a history of flooding as the water comes down the fields as our gardens are on a clay plate.</p> <p>Finally i hope that someone in kirklees does right by the local residents and rejects this application and recognises how ludicrous another road will be.</p>
