<p>Making a new entrance from Highmoor lane will make the traffic more dangerous/ unsafe/ noisier/ more unwanted traffic down the lane.</p> <p>There are two unused entrances on Halifax road which were used in the past so why not use one of them.</p> <p>There is a lot of parking on the road side used by existing people who live down the lane that cause difficulties for other drivers/ cyclists etc.</p> <p>I also think that the existing lane is not designed or safe to operate an increase in the proposed amount of new traffic.</p> <p>On the proposed property there are many established trees that I presume will have to be removed which I strongly disagree with.</p> <p>I cannot think of anything positive to add having access to these new properties down Highmoor lane</p>
