<p>As a resident of Lyndale Mews , I strongly object to this planned erection . Previously an erection of a garage has been built without permission as a means to gain extra land marked in purple on the map . The plans show a garage with access from Lyndale Mews which means passing over the property owned by residents on the Mews so surely parking and access should be from Creswell Lane side as that is where the application is for . I have previously spoken to residents on our Mews and we are already struggling with parking as it and do not need any more traffic coming through . As previously said about access I also have concerns with the heavy machinery which is to be used . Will access be on Creswell Lane as all roads leading to Lyndale Mews are tight and cannot see resident being happy with those crossing out property . There will be an element of privacy invasion to the nearest residents of the planned erection .</p> <p>I am curious as to why the planning notices have not been placed in the Mews as it affects us the most .</p>
