I worry about how this would affect our green space and wildlife. We have deer, badgers, foxes and hedgehogs in our garden and in the area. We're very lucky to live in a beautiful green habitat for so many lovely animals and it's something we should try to conserve as much as we can. Not many towns can say they have anything like this and so close to the city center. Our gardens would suffer and our infrastructure could not sustain heightened traffic and heavier loads on the road. And the textile factory and the garage are quite noisy during the day. We should strive to respect our green spaces and our animals.
