| This plant cannot be built on that Land!<br>I am a resident live across the proposed site and i have 17 years as a concrete delivery drive and my objections are that it should not be built too close to homes for health and noise reasons!<br>It should be on an industrial estate away from people who may suffer with breathing problems and other health matter.<br>Also it says on the planning application that there is no trees or wildlife around the site which is totally false all and a water source all you need is eyes to see and check the land layout!!!! | |
