<p>This plant cannot be built on that Land! I am a resident live across the proposed site and i have 17 years as a concrete delivery drive and my objections are that it should not be built too close to homes for health and noise reasons! It should be on an industrial estate away from people who may suffer with breathing problems and other health matter. Also it says on the planning application that there is no trees or wildlife around the site which is totally false all and a water source all you need is eyes to see and check the land layout!!!!</p>
