I object to this application for the following reasons -

The area is already heavily built up with a great deal of traffic/noise /pollution in the area. This application would add to this situation making it worse.

Most residents are unable to sit in their gardens due to the level of noise and pollution so are already unable to enjoy peace and quiet time.

The traffic pollution and noise are already an issue at night causing problems trying to sleep peacefullly.

This plant will increase pollution with dust which could be detrimental to health to residents and children.

The additional pollutants will further damage property, vehicles and gardens.

The pollutants will have negative impact upon wild life in the surrounding woodland areas.

The noise and presence of this plant will lower the value of my property .

I absolutely object to the permission fir this application to go ahead.
