I live directly opposite the site and my vehicle is always covered in fine dust the works start regularly at 6 to 6.30 am which wakes me up winter and summer any additional works would make the area noisier dirtier and affect me I also don’t want to have to look out at a cement factory the road is not suitable for extra vehicles especially of the sizes of trucks coming and going the site is not appropriate for the area also I use the club opposite for leisure and on occasion I don’t want to be sat looking at the busy site
