Appendix A – Climate Change Statement

Climate Change Statement for Planning Applications

Part 1: Applicant details

Name of applicant/agent	Mr J Fearnley Hill Rise Architecture Ltd
Site Address	13 Deighton Road, Huddersfield
Description of Development	Formation of vehicular access

Part 2: Climate Change Mitigation measures

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
N/A
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
Existing materials re-used where possible as sub base.
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

Hand tools to be used where possible.
Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)
NA
Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)
Permeable asphalt/ channel drain for sustainable drainage.
Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)
NA
Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)
NA
Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)
Hand tools used where possible to reduce dust.
