

Appendix A – Climate Change Statement

Climate Change Statement for Planning Applications

Part 1: Applicant details

Name of applicant/ agent	Mr Haigh
Site Address	118 Deyne Road, Netherton, Huddersfield, HD4 7EP
Description of Development	Erection of single storey side extension.

Part 2: Climate Change Mitigation measures

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:

Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)

The building will be constructed using a regenerative material and will be will insulated.

Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)

Local contractors will be used.

Timber will be used for the structure, a regenerative material.
Materials to be sourced locally.

Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

Timber will be used for the structure, a regenerative material.

Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)

The building will be well insulated and improve heat loss through existing gable.

Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)

Minimal alteration, possible soakaway.

Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)

Minimal alteration, possible soakaway.

Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)

N/A.

Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)

Local contractors to be used.
