For: J & J Briggs

Town and Country Planning Act 1990

Town and Country Planning (Development Management Procedure) (England) Order
2015

PLANNING PERMISSION FOR DEVELOPMENT

Application Number: 2025/62/91786/W

In pursuance of its powers under the above-mentioned Act and Order the KIRKLEES COUNCIL (hereinafter called "The Council") as Local Planning Authority hereby permits:-

ERECTION OF EXTENSIONS AND ALTERATIONS

At: BROOKSIDE, 67, HALL ING LANE, HONLEY, HOLMFIRTH, HD9 6QW

In accordance with the plan(s), documents and application submitted to the Council on 30-Jun-2025, except as amended or specified, details of which can be found in the table below and subject to the condition(s) specified hereunder:-

1. The development hereby permitted shall be begun within three years of the date of this permission.

Reason: Pursuant to the requirements of Section 91 of the Town and Country Planning Act 1990.

2. The development hereby permitted shall be carried out in complete accordance with the plans and specifications schedule listed in this decision notice, except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.

Reason: For the avoidance of doubt as to what is being permitted and to accord with Policies LP01, LP02, LP21, LP22 & LP24 of the Kirklees Local Plan, Principles 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 & 15 of the Council's adopted House Extensions & Alterations Supplementary Planning Document and Policies within Chapters 2, 9, 12 and 14 of the National Planning Policy Framework.

3. The external walls and roofing materials of the extension hereby approved shall in all respects match those used in the construction of the existing building and be retained thereafter.

Reason: In the interests of visual amenity and in accordance with Policies LP01, LP02 & LP24 of the Kirklees Local Plan, Principles 1 and 2 the Council's adopted House Extensions and Alterations Supplementary Planning Document and policies within Chapter 12 of the National Planning Policy Framework.

4. In the event that contamination, or the presence of coal not previously identified by the developer prior to the grant of this planning permission is encountered during the development, all works in the affected area (except for site investigation works) shall cease immediately and the Local Planning Authority shall be notified in writing within 2 working days. Works in the affected area shall not recommence until either (a) a Remediation Strategy by a suitably competent person has been submitted to and approved in writing by the Local Planning Authority or (b) the Local Planning Authority has confirmed in writing that remediation measures are not required. The Remediation Strategy shall include a timetable for the implementation and completion of the approved remediation measures. Thereafter remediation of the site shall be carried out and completed in accordance with the approved Remediation Strategy. Following completion of any measures identified in the approved Remediation Strategy a Verification Report shall be submitted to the Local Planning Authority. No part of the site shall be brought into use until such time as that part of the site has been remediated in accordance with the approved Remediation Strategy and a Verification Report in respect of those works has been approved in writing by the Local Planning Authority.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and Chapter 15 of the National Planning Policy Framework.

5. The development shall not be brought into use until the bat and bird boxes as set out in sections 6.3.6 and 6.3.11 of the submitted document titled 'Bat Survey Report' dated 26th June 2025 (ref: MBE/ECO/2023/088/02) have been provided and which shall be retained thereafter.

Reason: To ensure an enhancement to biodiversity in accordance with the requirements of Policy LP30 of the Local Plan, Policy 13 of the Holme Valley Neighbourhood Development Plan and policies within Chapter 15 of the National Planning Policy Framework.

NOTE: Bats are a European protected species under regulation 42 of The Conservation of Habitats and Species Regulations 2017. It is an offence for anyone intentionally to kill, injure or handle a bat, disturb a roosting bat, or sell or offer a bat for sale without a licence. It is also an offence to damage, destroy or obstruct access to any place used by bats for shelter, whether they are present or not. Where a licence is required to derogate from the Habitats Regulations, a grant of planning permission does not constitute consent to proceed with the works insofar as they affect the species in question. The licence must be applied for separately from Natural England, be granted and all licence conditions be complied with for the works to proceed lawfully.

NOTE: The applicant is advised that under the Wildlife and Countryside Act 1981 and The Conservation of Habitats and Species Regulations 2018, the developer is required to take account of the timing of works in relation to the bird breeding season. An inspection to check for the presence of nesting birds is advised if demolition and/or site/vegetation clearance works are likely to take place during the bird breeding season (1st March to 31st August inclusive). If twites are discovered on site development shall cease and the applicant is advised to contact Natural England for advice.

NOTE: Public footpath Holmfirth 19 is adjacent to the red line boundary must not be interfered with or obstructed, prior to, during or after development works. The Council's public rights of way team may be contacted by telephone 01484 221000 and ask for Sharon Huddleston. The Public rights of way team are based at Civic Centre 1, PO Box 1720, Huddersfield HD1 9EL and the email address is publicrightsofway@kirklees.gov.uk

Plans and specifications schedule:-

Plan Type	Reference	Version	Date Received
Existing Plans and Elevations	3560 (0-) 04 A	-	16/07/2025
Proposed Plans and Elevations	3560 (0-) 05 D	-	04/08/2025
Application Forms	-	-	16/07/2025
Bat Survey Report	MBE BAT 2023 088 02 67 Hall Ing Lane Honley	-	16/07/2025
Arboricultural Method Statement	WC-230.1a Brookside	-	16/07/2025
Climate Change Statement	3560	-	16/07/2025

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2024 and otherwise actively engaged with the applicant in dealing with the application. It was not considered necessary to seek any amendments/further information during the course of this application.

Building Regulations

- Building Regulations Approval is required for most work involving building operations and/or structural alterations. It is the applicant's responsibility to find out if the work permitted by this planning permission needs approval under the Building Regulations, and if necessary to submit an application. If you are not the applicant can you please ensure the applicant is aware of this requirement. Please contact Kirklees Building Control on 01484 221550 or via e-mail to building.control@kirklees.gov.uk, alternatively visit www.kirklees.gov.uk/psc for more information.

Site Notice

- Where the application has been publicised by notice(s) in the vicinity of the site. Please would you now remove the notice(s) and responsibly dispose of to avoid harm to the appearance of the local area.

Details Reserved by Condition

- This permission has been granted subject to conditions. Some of the conditions may require you to submit further details. These conditions normally contain the wording "***submitted to and approved in writing by the Local Planning Authority***".
- You can apply online for approval of these details at the Planning Portals website at www.planningportal.gov.uk. Alternatively the forms and supporting guidance for submitting an application can be found online at www.kirklees.gov.uk/planning.

- This Authority recognises the need to ensure that you are able to develop the site as effectively and flexibly as possible. However, at the same time it must ensure that development is in accordance with the terms of the planning conditions and legal agreement and the expectations of elected members and local residents set through the decision process.
- You should note the triggers for compliance with the conditions of this planning permission. This Authority is committed to processing applications to discharge conditions in a timely manner. It is important to ensure that submissions are made as far in advance of the trigger to allow time for adequate consultation, discussion and in some circumstances publicity.
- It is important that applications to discharge conditions are accompanied by sufficient information to enable this Authority and its consultees to fully consider and determine the proposals. Whilst officers will endeavour to negotiate solutions, failure to provide a comprehensive submission may result in delay and refusal of the application.
- If you commence work without discharging conditions you are at risk of enforcement action and invalidating your permission if the planning condition is a pre commencement condition.

Amendment(s) to Approved Plans

- This permission relates to the plans and documents listed on this decision notice. Should the proposal change significantly, a new application will be required.
- If however the change proposed is small, such as an altered window or door, you can apply for the change to be considered as a non-material amendment. The forms and supporting guidance for non material amendments are available online at the Planning Portal's website at www.planningportal.gov.uk, alternatively the forms can also be found at www.kirklees.gov.uk/planning.

Highways Structures

- It is the applicant's responsibility to find out whether any works approved by this planning permission, which involve excavating or working near public highway and any highway structures including retaining walls, will require written approval from the Council's Highways Structures Section. Please contact the Highways Structures Section on Tel No. 01484-221000 Ext 74199 for further advice on this matter.

Development within a Coal Mining Area

The proposed development lies within an area that has been defined by the Mining Remediation Authority as containing coal mining features at surface or shallow depth. These features may include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such features are seldom readily visible, they can often be present and problems can occur, particularly as a result of new development taking place.

Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant land stability and public safety risks. As a general precautionary principle, the Mining Remediation Authority considers that the building over or within the influencing distance of a mine entry should be avoided.

In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure a suitable engineering design which takes account of all relevant safety and environmental risk factors, including mine gas and mine-water. Your attention is drawn to the Mining Remediation Authority Policy in relation to new development and mine entries available at:

[Building on or within the influencing distance of mine entries - GOV.UK](#)

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Mining Remediation Authority Permit. Such activities could include site investigation boreholes, excavations for foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Application forms for Mining Remediation Authority permission and further guidance can be obtained from The Mining Remediation Authority's website at:

<http://www.gov.uk/get-a-permit-to-deal-with-a-coal-mine-on-your-property>
[What is a permit and how to get one? - GOV.UK \(www.gov.uk\)](#)

In areas where shallow coal seams are present caution should be taken when carrying out any on site burning or heat focused activities.

If any future development has the potential to encounter coal seams which require excavating, for example excavation of building foundations, service trenches, development platforms, earthworks, non-coal mineral operations, an Incidental Coal Agreement will be required. Further information regarding Incidental Coal Agreements can be found here - <https://www.gov.uk/government/publications/incidental-coal-agreement/guidance-notes-for-applicants-for-incidental-coal-agreements>

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Mining Remediation Authority on 0800 288 4242. Further information is available on the Mining Remediation Authority website at:

[Mining Remediation Authority - GOV.UK](#)

Appeals to the Secretary of State

- If you are aggrieved by the decision of your Local Planning Authority to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- As this is a decision for a householder application, if you want to appeal against your Local Planning Authority's decision to impose planning conditions then you must do so within 6 months of the date of this notice.
- If an enforcement notice is served or has been served relating to the same or substantially the same land and development as in your application and if you want to appeal against the local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice.
- Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/appeal-householder-planning-decision> . Further information on the Planning Appeal process can be found online at the Planning Inspectorates website <https://www.gov.uk/government/organisations/planning-inspectorate>.

- You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require.
- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Please note, only the applicant possesses the right of appeal.

Purchase Notices

- If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that the owner can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council
This notice will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter I of Part VI of the Town and Country Planning Act 1990.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.

Dated: 26-Aug-2025

Signed:

David Shepherd
Executive Director for Place

Decision Documents

The decision notice indicates which documents relate to the decision. These documents can be viewed online at the Planning Services website at www.kirklees.gov.uk/planning, and by clicking on the 'search planning applications and decisions' and by searching for application number 2025/62/91786/W .

If a paper copy of the decision notice or decided plans are required please email dc.admin@kirklees.gov.uk or telephone 01484 414746 with the application number. There may be a charge for this service.

All communications should be sent to one of the following address:
