i would absolutely die for this harvey's to be turned into a coffee shop! ever since it got re done, i knew this would make the perfect starbucks. my closest starbucks is leeds road, which is really far and limits me to starbucks. i go every friday and plan to go more often if there is a more local and convenient location. please turn this into a starbucks, i love coffee. i've been having to get my iced frappes from mcdonald's, which are no where near as good. if it is a starbucks, i will spend all my money there. i love a morning cofeee
