We want to see investment in overall in dewsbury as I see the planning has a really good objective will bring new employment that is much need here It is good to see this and Councillor Graham Turner, Cabinet Member has kept up with his word saying will bring new homes and businesses to the area good to see Current dewsbury is get worse compare to batley it is bringing in new shops and people are working class people here we have people that don't work and are on wrong side as when what we need more business that will help people to get quality life and stay away from crime as currently this area has a very high crime rate that is not good for the people we want employment I urge to to grant the permit this is very good investment for the area that is much needed
