<p>This extension to front of the property would be built in totally different not matching materials as the rest of the street, this would also block sun from number 3 and 5, building to front with Dormer would also block the view to many houses on Bowness drive, plus this would also take away privacy from houses opposite.</p> <p>To build to the rear of the property would be much more sensible, bigger property would also create more cars on the small cul de sac where parking is already a nightmare.</p>
