Good afternoon,

How are you?

I am writing to you regarding planning permission for above application number to say that I feel very unhappy regarding this above application as being owner of the bungalow no 4 of Bowness Drive where I lived in this street over 20 years now to say that extension will not match all other bungalows on the street. It also is blocking our front views and this is not good at all for us, our health and our well being and it will destroy our peace and my mental health too. Also the street holds historic, same look bungalows so it would look awful to see one bungalow as going up as house, the another bungalow lower down, it just does not make sense at all. This will not just affect me badly but it is also affecting badly my neighbours which live on number 2 and number 3 of Bowness Drive Huddersfield. You already gave permission at 1 lower bungalow which already completely blocking my and our views on Castle Hill. If you give permission for this one then I and my neighbours could just look at the sky and it is restricting our front views as its front extension not the back one. Also my opinion is and concern is this is the street of bungalow and if people don't want to live in bungalow anymore then they should move to houses.

I and my neighbours will use any legal power to try to stop this extension to go ahead as it is affecting us badly in every single way, so I and we would appreciate if someone could kindly get back to us as soon as possible please regarding this issue.

We will also additionally each of us write the letter to Kirklees Council too.

I hope that you will take this matter seriously please and try to resolve it too.

Thank you very much in advance!@!

Looking forward from hearing from you soon!@!

Kind regards,

The owner of 4 Bowness Drive, Huddersfield HD5 9PY
