<p>I object to the plan for 82 houses on the land next to my home. This would completely change the character of the area and feels like overdevelopment. We would lose valuable green space, trees and wildlife, which are important to both the landscape and the community. The size and layout of the estate do not fit with the surrounding homes, and it would affect the privacy, sunlight and general living conditions of neighbours. On top of this, the extra traffic would make local roads more dangerous and put even more pressure on already stretched schools, doctors and other services. Similar applications have been turned down before, and I believe this one raises the same problems. For these reasons, I ask that the application is refused.</p>
