## Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

We are seeking to vary Condition 2 (Approved Plans) to reflect the amendments to the design of Plot 1 and Plot 27 within the approved development (Ref: 2020/62/93954/W).

For Plot 1, the revised design improves the general arrangement of internal living spaces while retaining the approved footprint, aside from the addition of a garage and a more prominent entrance porch. These changes respond to the prominence of the plot within the wider scheme and seek to maximise views across the Colne Valley. While the number of bedrooms remains the same, the internal layout has been enhanced, resulting in minor updates to the elevations. The proposed revisions maintain the approved architectural language and materiality in keeping with the overall scheme.

For Plot 27, the proposal has been revised in response to site constraints and limited private amenity space associated with the previously approved single dwelling. The updated design replaces the single unit with three contemporary, high-level, 3-person apartments, all of which meet national space standards. The revised form has been developed to optimise orientation, daylight, and views, taking advantage of its setting within the masterplan. The ground floor now includes refuse provision, secure cycle storage, additional parking, and a small communal gym. While the proposal introduces a third storey, it has been carefully designed to remain sympathetic to the approved massing, materials, and general appearance.

If you wish the existing condition to be changed, please state how you wish the condition to be varied

We propose that Condition 2 (Approved Plans) be varied to substitute the approved plans relating to Plot 1 and Plot 27 with revised drawings that reflect the updated design for these plots.

The condition should be updated to refer to a new list of approved plans, specifically replacing the current drawings for Plots 1 and 27 with the revised versions submitted as part of this application. All other elements of the approved plans condition would remain unchanged.
