I object to this variation. The variation wording states that the footprint stays the same and then qualifies it by saying other than the garage and entrance porch. The footprint has increased and the building is no longer in keeping with that initially approved. The developer is using variations/changes on a number of individual plots and then using these variations as support for changes to other plots. These variations are for commercial purposes and at the expense of the existing residents and users of Lingards Road as they are overriding the principles and conditions (many of which have been broken on numerous occasions by the developer, reported to planning enforcement with no timely action taken) of the original application.
