<p>I have concerns that the application does not identify what type of hostel this is set to be eg women fleeing domestic violence, bail hostel, asylum seekers, holiday type hostel, vulnerable adults etc.</p> <p>Each of these carries different safeguarding issues for both the residents and the local population. There is no indication that these have been considered nor the experience and expertise of the applicant in managing such a facility, nor is there mention of security or staffing of the facility which is of concern.</p> <p>The area already is troubled by antisocial behavior this proposal is likely to exacerbate the issue, giving rise to a negative impact on retail facilities such as Rebrick Mill.</p> <p>It seems that this is to be a money making venture which has failed to risk assess the impact on the safety and wellbeing of the residents (whoever they may be) and the local communities.</p>
