<p>As a resident living near the proposed hostel site on Bradford Road, I strongly object to this planning application</p> <p>The area is already under pressure from high traffic volumes and limited parking availability. Introducing a hostel will increase vehicle movements and parking demand, creating greater congestion and a risk to pedestrian safety – especially concerning for the many young children living and walking in the area.</p> <p>There are also ongoing concerns around anti-social behaviour and crime locally. A hostel may unintentionally add to these issues by introducing a transient population with little connection to the community. This poses a risk to the safety and wellbeing of existing residents, particularly vulnerable groups such as children.</p> <p>The proposal does not align with efforts to improve the area's residential character, and I strongly urge the council to refuse the application.</p>
