<p>Dear Councillors I am submitting this objection on behalf of my mother in Law</p> <p>_____ , the dust and debris that will be generated during the build could seriously affect her health and possibly death, she also doesn't sleep awfully well during the night but falls asleep during the day with the advent of noise that will be apparent during their build on this conversion would stop her ability to sleep during the day.</p> <p>My wife and I are also seriously concerned that with the extra traffic that the trades will generate this might hinder emergency services attending her property which have been called frequently of late.</p> <p>I do hope that the councillors concerned will seriously treat this objection seriously as this lady is in poor health and it would be sad that this application may cause her early demise.</p>
