<p>We chose this development of bungalows for its open plan, light and privacy. This would be an imposing house in the middle of bungalows, taking away my skyline, natural light, privacy and easy access.</p> <p>If this house is built they will be able to see straight into my sitting room from their upstairs windows. It is not in keeping with the other bungalows.</p> <p>I am anxious about the disruption from start to completion; will take how long?!? I am expecting it to be quite a long time.</p> <p>It's a shared and private entrance between our four bungalows on Delves Wood Court. Where will all the vehicles with building materials park and other trade vehicles plus cars when it is a 5 bedroom house?</p> <p>I am also worried, as a pensioner, that if I need emergency services (ie ambulance, fire service) with their large vehicles, access could be blocked.</p> <p>All the noise, muck and disruption, looking at that from my front windows. I am also worried about the screws and nails etc being left on the road that could damage my tyres.</p> <p>I am also worried about the damage to the small frontage of my bungalow. The cobbles (shared driveway) could easily become damaged with the weight of the large vehicles carrying building materials. This is where all my services run so they could be damaged too.</p>
