

Town and Country Planning Act 1990

**Town and Country Planning (Development Management Procedure) (England)
Order 2015**

OUTLINE PLANNING PERMISSION

Application Number: 2025/60/91956/W

To: Tom Donaghey,
TD Associates
981, Manchester Road
Linthwaite
Huddersfield
HD7 5LS

For: Mr & Mrs Morris

In pursuance of its powers under the above-mentioned Act and Order the KIRKLEES COUNCIL (hereinafter called "The Council") as Local Planning Authority hereby permits:-

OUTLINE APPLICATION FOR ERECTION OF RESIDENTIAL DEVELOPMENT
(ONE DWELLING)

At: ADJ, 92, GREENHEAD LANE, DALTON, HUDDERSFIELD, HD5 8EB

In accordance with the plan(s) and applications submitted to the Council on 09-Sep-2025, subject to the condition(s) specified hereunder:-

1. Approval of the details of Access, Appearance, Layout, Scale and Landscaping of the site (hereinafter called the 'reserved matters') shall be obtained from the Local Planning Authority in writing before development is commenced.

Reason: No details of the matters referred to having been submitted they are reserved for the subsequent approval in writing of the Local Planning Authority.

2. Plans and particulars of the reserved matters referred to in Condition 1 above, relating to Access, Appearance, Layout, Scale and Landscaping of the site, shall be submitted in writing to the Local Planning Authority and shall be carried out in full accordance with the approved plans.

Reason: No details of the matters referred to having been submitted they are reserved for the subsequent approval in writing of the Local Planning Authority.

3. Application for approval of any reserved matters shall be made to the Local Planning Authority before the expiration of three years from the date of this permission.

Reason: Pursuant to the requirements of Section 92 of the Town and Country Planning Act 1990.

4. The development hereby permitted shall be begun either before the expiration of two years from the final approval of reserved matters or, in the case of approval on different dates, the final approval of the last such matter to be approved.

Reason: Pursuant to the requirements of Section 92 of the Town and Country Planning Act 1990.

5. The development hereby permitted shall be carried out in complete accordance with the plans and specifications schedule listed in this decision notice, except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.

Reason: For the avoidance of doubt as to what is being permitted and so as to ensure the satisfactory appearance of the development on completion, and to accord Policies LP1, LP2, LP3, LP7, LP20, LP21, LP22, LP24, LP30, LP51 & LP52 of the Kirklees Local Plan, Principles within the Housebuilders Design Guide Supplementary Planning Document and policies within Chapters 2, 4, 5, 8, 9, 11, 12, 14 & 15 of the National Planning Policy Framework.

6. The residential development hereby approved shall relate to a single storey dwelling only.

Reason: In the interests of visual and residential amenity, taking into account the physical constraints of the site and to protect the amenity of occupiers of adjacent properties, in accordance with Policy LP24 of the Kirklees Local Plan, Principles 2, 6, 16 & 17 of the Council's adopted Housebuilders Design Guide and guidance within Chapter 12 of the National Planning Policy Framework.

7. Development shall not commence until a scheme of details for the provision of ecological enhancement measures at the site outlined in red on the approved location plan has been submitted to, and approved in writing by, the Local Planning Authority. The submitted scheme shall include:

- details of the location, both within the site and upon dwelling(s) and design one integrated swift box per dwelling; and
- location and design of access holes for hedgehogs (i.e. "hedgehog holes") within any fences throughout the site.

The details shall be provided for before the dwelling is first occupied and retained thereafter.

Reason: This is a pre-commencement condition in the interests of enhancing the biodiversity value of the site, in accordance with Policy LP30 of the Kirklees Local Plan and Chapter 15 of the National Planning Policy Framework.

8. Development shall not commence until a scheme has been submitted to, and approved in writing by, the Local Planning Authority which details all materials of construction. The submitted scheme shall include all external facing and roofing materials. The dwelling shall be constructed from these materials, which shall thereafter be retained.

Reason: This is a pre-commencement condition to ensure that the new dwelling is sympathetic to the surrounding built form, in accordance with Policy LP24 of the Kirklees Local Plan and the aims of the National Planning Policy Framework.

9. No works shall take place until a Construction Environmental Management Plan (CEMP: Biodiversity) has been submitted to and approved in writing by the local planning authority. The CEMP (Biodiversity) shall include the following:

- a) Summary of potentially damaging activities
- b) Identification of "biodiversity protection zones"
- c) Practical measures (both physical measures and sensitive working practices) to avoid or reduce impacts during construction (these may be provided as a set of method statements)
- d) The location and timing of sensitive works to avoid harm to biodiversity features.
- e) The times during construction when specialist ecologists need to be present on site to oversee works.
- f) Responsible persons and lines of communication.
- g) The role and responsibilities on site of an ecological clerk of works (ECoW) or similarly competent person.
- h) Use of protective fences, exclusion barriers and warning signs
 - Pollution Prevention Plan for the ponds and watercourses near the site (using good practice guidance such as CIRIA C532)

The approved CEMP: Biodiversity shall be adhered to and implemented throughout the construction period strictly in accordance with the approved details, unless otherwise agreed in writing by the local planning authority.

Reason: This is a pre-commencement condition to ensure the proposal would be developed in accordance with Policy LP30 of the Kirklees Local Plan and chapter 15 of the National Planning Policy Framework.

10. Development shall not commence until a scheme detailing site sections, and the finished slab and floor levels of the dwelling hereby approved, together with corresponding existing and finished ground levels and of surface and land drainage associated with any works, has been submitted to and approved in writing by the Local Planning Authority. The construction of the dwelling shall be carried out in accordance with the details so approved and the occupation of the dwelling hereby approved shall not take place until the works relating to the building have been completed. The approved levels shall be so retained for the lifetime of the development, unless otherwise approved in writing by the Local Planning Authority.

Reason: This is a pre commencement condition required in the interests of visual and residential amenity to accord with Policy LP24 of the Kirklees Local Plan, Principle 15 of the Housebuilders Design Guide SPD and Chapter 12 of the National Planning Policy Framework.

11. Prior to development commencing protective fencing in accordance with British Standard BS 5837 shall be erected around all ~~and~~ trees to be retained on the site.

Reason: This is a pre-commencement condition in order to protect visual amenity and the long term viability of the trees and to accord with Policies LP30 and LP33 of the Kirklees Local Plan.

12. In the event that contamination not previously identified by the developer is encountered during the development, all groundworks in the affected area (except for site investigation works) shall cease immediately and the Local Planning Authority shall be notified in writing within 2 working days. Groundworks in the affected area shall not recommence until either (a) a Remediation Strategy has been submitted to and approved in writing by the Local Planning Authority or (b) the Local Planning Authority has confirmed in writing that remediation measures are not required.

The Remediation Strategy shall include a timetable for the implementation and completion of the approved remediation measures. Thereafter remediation of the site shall be carried out and completed in accordance with the approved Remediation Strategy. Following completion of any measures identified in the approved Remediation Strategy a Validation Report shall be submitted to the Local Planning Authority. Unless otherwise approved in writing by the Local Planning Authority, No part of the site shall be brought into use until such time as the site has been remediated in accordance with the approved Remediation Strategy and a Validation Report in respect of those works has been approved in writing by the Local Planning Authority.

Reason: To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors to accord with Policy LP53 of the Kirklees Local Plan and policies contained within Chapter 15 of the National Planning Policy Framework

13. The development hereby approved shall not be brought into use until a scheme detailing the installation of all boundary treatments has been submitted to and approved in writing by the Local Planning Authority. The submitted scheme shall include details of location, heights and materials. The boundary treatments shall be installed prior to the development being brought into use. The boundary treatments shall be thereafter retained and maintained for the lifetime of the development.

Reason: In the interests of visual amenity and residential amenity and to accord with Policy LP24 of the Kirklees Local Plan and policies within Chapter 12 of the National Planning Policy Framework.

14. The development shall not be brought into use until all areas to be hard surfaced for access and parking have been and out with a hardened and drained surface in accordance with the Communities and Local Government; and Environment Agency's 'Guidance on the permeable surfacing of front gardens (parking areas)' published 13th May 2009 (ISBN 9781409804864) as amended or any successor guidance. These areas shall be so retained, free of obstructions and available for access and parking.

Reason: In the interests of visual amenity, highway safety and to mitigate flood risk. To accord with Policies LP21, LP22, LP24 and LP28 of the Kirklees Local Plan.

15. Before the development is first brought into use, details of a bin storage shall be submitted to the Local Planning Authority for approval in writing. The approved scheme shall be implemented before the development is first brought into use and retained thereafter.

Reason: In the interests of access and highway safety and the visual amenity of the vicinity in accordance with Policies LP24, LP21 and LP22 of the Kirklees Local Plan.

NOTE: The dwelling hereby permitted shall be constructed as a self-build dwelling within the definition of a self-build and custom build housing in the Self-build and Custom Housebuilding Act 2015. The first occupation hereby permitted shall be by a person or persons who had a primary input into the design and layout of the dwelling and who will live in the dwelling for at least 3 years.

NOTE: Conditions 7-11 are pre-commencement conditions to ensure the site is suitable for occupation prior to the development commencing on site.

NOTE: All contamination reports shall be prepared by a suitably competent person, as defined in Annex 2 of the National Planning Policy Framework 2021. Reports must be prepared in accordance with the following guidance:

- *Land Contamination Risk Management (LCRM)*
- *BS 10175:2011+ A2:2017 Investigation of Potentially Contaminated Sites. Code of Practice*
- *Development on Land Affected by Contamination - Technical Guidance for Developers, Landowners & Consultants - (v11.2) June 2020* by the Yorkshire and Lincolnshire Pollution Advisory Group.

The conditions relate to Planning Control only. Approval under the Building Regulations may also be required, and the applicant should contact their Building Control Provider for further information. Any other necessary consent must be obtained from the appropriate authority. If the applicant commences work without discharging conditions, they will be at risk of enforcement action and invalidating the permission if the planning condition is a pre commencement condition.

NOTE: Noisy construction related activities shall not take place outside the hours of:
07:30 to 18:30 hours, Monday to Fridays

08:00 to 13:00 hours, Saturdays

With no noisy activities on Sundays or Public Holidays

Kirklees Council has powers under Section 60 of the Control of Pollution Act 1974 to control noise from construction sites and may serve a notice imposing requirements on the way in which construction works are to be carried out. It has additional powers under Sections 80 of the Environmental Protection Act 1990 to prevent statutory nuisance including noise, dust, smoke and artificial light and must serve an abatement notice when it is satisfied that a statutory nuisance exists or is likely to occur or recur. Failure to comply with a notice served using the above-mentioned legislation would be an offence for which the maximum fine on summary conviction is unlimited.

NOTE: The granting of planning permission does not authorise the carrying out of works within the highway, for which the written permission of the Council as Highway Authority is required. You are required to consult the Design Engineer, Flint Street, Fartown, Huddersfield (Kirklees Street Care: 01484 221000) with regard to obtaining this permission and approval of the construction specification. Please also note that the construction of vehicle crossings within the highway is deemed to be major works for the purposes of the New Roads and Street Works Act 1991 (Section 84 and 85). Interference with the highway without such permission is an offence which could lead to prosecution.

NOTE: The applicant is advised that under the Wildlife and Countryside Act 1981 and The Conservation of Habitats and Species Regulations 2018, the developer is required to take account of the timing of works in relation to the bird breeding season. An inspection to check for the presence of nesting birds is advised if demolition and/or site/vegetation clearance works are likely to take place during the bird breeding season (1st March to 31st August inclusive).

Plans and Specifications Schedule:

Plan Type	Reference	Version	Date Received
Location Plan		-	9.09.2025
Proposed site Plan	01	-	9.09.2025
Existing site plan	02	-	9.09.2025
Design and Access Statement	-	-	9.09.2025
Climate change statement			9.09.2025

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Planning Authority has, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2015 and otherwise actively engaged with the applicant in dealing with the application. No alterations required.

Digital Infrastructure: Fibre To The Property (FTTP)

Access to affordable and reliable broadband is necessary for Kirklees' residents, businesses, and visitors to take advantage of the growing digital economy and 'digital by default' services. Fibre optic cables direct to a property (FTTP) is the most reliable way of delivering high speed broadband connectivity and allows for gigabit internet speeds. Access to high quality digital infrastructure provides the foundations for, amongst other things:

- Economic prosperity – workforces that are digitally-literate enables business to thrive.
- Digital literacy – digital literacy and skills increase employability and people can exploit the internet for transactional, social, entertainment and learning purposes.
- New services – digital delivery can lower costs and provide innovative public and health services more conveniently.

It is therefore advised that digital infrastructure, including FTTP, and its benefits for the development be considered from the earliest feasible stage. Methods include working with Internet Service Providers to install digital infrastructure alongside other utilities or providing pre-infrastructure allowing for speedier installation at a later date.

Note: The provision of fibre infrastructure is often available from certain telecommunications providers free of charge for development over a certain scale, provided that sufficient notice is given. Notice periods are typically at least 12 months prior to first occupation. In some cases, providers may request a contribution from the developer.

Note: Where no telecommunications provider has been secured to provide fibre infrastructure by the time of highway construction, it is advised that additional dedicated telecommunications ducting is incorporated alongside other utilities to enable the efficient and cost effective provision of fibre infrastructure in the future.

It is the applicant's responsibility to find out whether any works approved by this planning permission, which involve excavating or working near public highway and any highway structures including retaining walls, will require written approval from the Council's Highways Structures Section. Please contact the Highways Structures Section on Tel No. 01484-221000 Ext 74199 for further advice on this matter.

Details Reserved by Condition

- This permission has been granted subject to conditions. Some of the conditions may require you to submit further details. These conditions normally contain the wording "submitted to and approved in writing by the Local Planning Authority".
- You can apply online for approval of these details at [the Planning Portals website](#). Alternatively the forms and supporting guidance for submitting an application can be found online at [Kirklees Council Planning Website](#).
- This Authority recognises the need to ensure that you are able to develop the site as effectively and flexibly as possible. However, at the same time it must ensure that development is in accordance with the terms of the planning conditions and legal agreement and the expectations of elected members and local residents set through the decision process.
- You should note the triggers for compliance with the conditions of this planning permission. This Authority is committed to processing applications to discharge conditions in a timely manner. It is important to ensure that submissions are made as far in advance of the trigger to allow time for adequate consultation, discussion and in some circumstances publicity.
- It is important that applications to discharge conditions are accompanied by sufficient information to enable this Authority and its consultees to fully consider and determine the proposals. Whilst officers will endeavour to negotiate solutions, failure to provide a comprehensive submission may result in delay and refusal of the application.
- If you commence work without discharging conditions you are at risk of enforcement action and invalidating your permission if the planning condition is a pre commencement condition.

Development within a Coal Mining Area

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Mining Remediation Authority on 0345 762 6846 or if a hazard is encountered on site call the emergency line 0800 288 4242.

Further information is also available on the Mining Remediation Authority website at: [Mining Remediation Authority - GOV.UK](#)

Where the application has been publicised by notice(s) in the vicinity of the site. It is respectfully requested that the notice(s) now be removed and responsibly disposed of to avoid harm to the appearance of the area

Appeals to the Secretary of State

- If you are aggrieved by the decision of your Local Planning Authority to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- If an enforcement notice is served or has been served relating to the same or substantially the same land and development as in your application and if you want to appeal against the local planning authority's decision on your application, then you must do so within:
 - i) 28 days from the date of this notice where the enforcement notice has been served,
 - ii) 28 days of the date of service of the enforcement notice or,
 - iii) the specified period starting from the date of this notice,whichever period expires earlier.
- If you want to appeal against your Local Planning Authority's decision then you must do so within the specified period, starting on the date of this notice.
- The "specified period" is 12 weeks where the development relates to a "minor commercial application" as defined within the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), or 6 months in any other case.
- Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or at [the Planning Inspectorates website](#). Further information on the Planning Appeal process can be found online at [the Planning Inspectorates website](#)
- You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require.
- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Please note, only the applicant possesses the right of appeal.

Purchase Notices

- **If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.**

In these circumstances, the owner may serve a purchase notice on the Council. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.

Dated: 11-Nov-2025

Signed:

**David Shepherd
Executive Director for Place**

Decision Documents

The decision notice indicates which documents relate to the decision. These documents can be viewed online at the Planning Services website at [Kirklees Council Planning](#), and by clicking on the 'search and view existing planning applications and decisions' and by searching for application number 2025/60/91956/W.

If a paper copy of the decision notice or decided plans are required please email dc.admin@kirklees.gov.uk or telephone 01484 414746 with the application number. There may be a charge for this service.

All communications should be sent to one of the following address:
