<p>The proposed frontage is in keeping with the conservation area. It is in wood, and similar to some other shops. Many shops on Peel Street now have modern frontages, which is against the conservation status of the area.</p> <p>Local joiners are being used, and the shop supports the local community in so many ways - over £16000 funds have been given out already this year!</p> <p>The shop needs to be double glazed, to keep heating costs down, and because of Net Zero policies. Double glazing needs more support than single glazing.</p> <p>Marsden needs local shops. In order to keep Peel Street as a vibrant shopping area, we need the charity shops as well as the other mix of shops. Indeed, some visitors to the shop say they come to Marsden for the Cuckoo's Nest.</p> <p>I do hope that the application can be approved. Thanks</p>
