<p>I support the application for replacement glazing for the cuckoos nest. I note that this application upholds 3 local plan policies: Local Plan policy 10 Attempts have been made to maintain as much as possible the exiting frontage whilst supporting the needs of the local economy. Local plan 35. The benefits of double glazing outweigh the very minor visual impact on the conversation area Local plan 48. The reduction in energy costs will contribute to the sustainability of the organisation thereby protecting the provision of community facilities</p>
