Subject: Re. application no. 2025/91983

Dear Sir/Madam, I write in support of the above cited planning application. As a recently recruited volunteer who works in this premises I am acutely aware of the need for this application to be approved. I know that certain volunteers have ceased working for this charity because of the cold and unpleasant conditions in the shop area in winter. Also, the charity "wastes" large amounts of money on heating the shop every year....money that could and should be spent on our local community. The Cuckoo's Nest is very widely used and well thought of around Marsden and yet the volunteers and management are increasingly dismayed by the shabby and unattractive exterior of the premises and have received several "remarks" regarding the shop's poor appearance. I thus ask that you consider these points and that you approve the application. Kind regards,
