<p>I believe the land adjacent to 143 belongs to the residents residing on Kinder Avenue. How can someone put in a planning application for land owned by the residents? With no written communication to residents?</p> <p>The deeds to my property state that I own a car parking space at the land adjacent to 115 and understand from my neighbours this is the same in the area of the planning application.</p> <p>The application will create issues with car parking and create a bottle neck at the newly created estate immediately next to this site. It's already a through road now up to Blackmoor foot road with increased traffic. Any further dwellings crammed in with only create further issues. Children regularly play and access the field behind as do many residents, the dwellings would create privacy issues for the neighbours, increase traffic issues and further restrict access to the PROW.</p>
