The changes relate to specific Conditions attached to planning permission ref.2015/70/90640/W0. The key aspects are an extension to the completion date, an update of relevant approved Plans, to allow crushing and screening on site and the infilling by the importation of non-hazardous waste (including inert soils) as part of site restoration. Hence, a number of Conditions will need to be revised to reflect the Plans submitted for approval.

Planning ref.2015/70/90640/W0 is the most recent variation of the original consent ref.2003/62/91691/W0 (approved 8 June 2006) which was granted for the extension of mineral working with restoration and demolition and subsequent reinstatement of dwelling and adjacent buildings. No change is proposed to the description of the development contained in 2006 consent.

If you wish the existing condition to be changed, please state how you wish the condition to be varied

Please refer to the submitted Planning Statement. Section 3 sets out the Proposed Development and Section 4, the planning Conditions which will require updating.
