

Proposed Layout and Elevations

A1	1:50
A3	1:100

A circular sundial diagram with a central point. Four cardinal directions are marked with letters: N (North) at the top, S (South) at the bottom, E (East) on the right, and W (West) on the left. Radial lines represent hour lines, with numbers 1 through 12 placed near the center. The numbers 1, 2, 3, 4, 5, and 6 are on the right side (East), and 7, 8, 9, 10, 11, and 12 are on the left side (West). The lines are more closely spaced between 6 and 12 than between 1 and 6. Red curved arrows indicate the path of the sun's shadow from the center towards the outer edge, showing a clockwise movement from the top towards the right and then back towards the top.

DRAWING	Existing and Proposed Layout and Elevations		
DRAWN	UH	DATE	Feb 25
		SCALE	1.100@A1
DWG No.	2518/02		
STATUS	PLANNING		

A floor plan of a house. The layout includes a Living Room at the bottom, a Kitchen at the top, and an Entrance on the left. A staircase is located between the Living Room and the Kitchen. The Entrance has a small closet. The Kitchen has a sink and a stove. The Living Room has a fireplace and a window.

A simple line drawing of a house. The main body of the house is a large rectangle with a steep gabled roof. A chimney is visible on the left side of the roof. To the left of the main house, there is a smaller structure with a chimney. To the right, there is a brick chimney. The drawing is minimalist, using only black outlines on a white background.

The floor plan shows a flat with the following layout:

- WC:** Located at the top left, containing a toilet and a sink.
- Lounge:** Located at the top right, featuring a sofa and a coffee table.
- Kitchen:** Located in the middle right, equipped with a sink, stove, and a set of stairs leading up.
- Living Room:** Located at the bottom right, containing a large sofa.
- Entrance:** Located in the middle left, with a door leading from the hallway into the living room.
- Hallway:** A central hallway connecting the WC, Lounge, Kitchen, and Living Room.

This floor plan shows a three-bedroom house. Bedroom 1 is the largest room at the bottom. Bedroom 2 is in the middle, containing a double bed, a small table, and a chair. Bedroom 3 is at the top left, containing a double bed. A bathroom is located between Bedroom 2 and Bedroom 3, featuring a bathtub, toilet, and sink. A staircase with an 'Up' arrow is situated between Bedroom 1 and Bedroom 2. A small window labeled 'Obscure bathroom window' is on the right wall. The plan includes various built-in features like wardrobes, a desk, and a bookshelf.

A cross-sectional diagram of a roof-to-wall junction. On the left, a dark grey sloped roof structure is shown. To its right is a vertical wall. The wall is composed of three distinct layers: a bottom layer of brickwork, a middle layer of stone masonry, and a top layer of horizontal siding or sheathing. The roof structure rests on the top layer of the wall.

This architectural elevation drawing shows the front facade of the building. The lower portion is constructed of brick and features three windows: two small, narrow vertical windows on the left and a larger, multi-paned window on the right. Above the brick section is a gabled roofline with horizontal siding. A chimney is visible on the right side of the roof. The drawing uses fine lines to represent textures like brick and siding.

West Elevation (Front) 1.100
