A) BROAD SCOPE OF WORKS

69 Wooddale Road

HD9 1QG

Field to rear

Works to tress and saplings within the field and boundaries thereto.

Broad Scope

The works comprise two elements

A) Boundary Works
To reestablish hedge rows where overshoots have become established and to reduce crowding.

B) Works within the field

Thinning removal and prudent management.

Boundaries

A1) Eastern boundary to footpath :

Reestablish the mixed hedge with appropriate works of removal cutting back and pollarding,

A2) Southern boundary :

Remove self-seeded mature hollies and prune cherry trees to remove dead wood crossovers and low branches

A3} Western boundary

Reestablish boundary hedge to neighbouring garden by reducing growth to 2m as viewed from the western side

Within the field

B)Management of a variety of relatively recently planted trees / saplings :

Thinning and removal as appropriate.

These works will benefit the overall bio diversity balance within the field

and will have no adverse amenity impact to the immediate surrounding area.

The detailed proposals are shown on the attached schedule

Trees / Saplings			
Field / Meadow R/O 69 Woodale Road HD9 1QG			
Plan Ref	**Location**	**TYPE**	**Proposed Works**
1	East Bound:	**Holly** within hedge	Reduce & reintergrate to hedge
2	East Bound:	**Maple** within Hedge	Pollard
3	East Bound:	**Black T** within hedge	Reduce & reintergrate to hedge
4	East Bound:	**Oak** within hedge	Pollard
5	East Bound:	**Maple** within hedge	Reshape and crown reduction
6	East Bound:	**Plum** within hedge	Retain
7	Field	**Copper Bttch**	Retain
8	Field	**Wild Cherry**	Retain
9	Field	**Goat Willow**	Remove
10	Field	**Goat Willow**	Remove
11	Field	**Cherry**	Remove
12	Field	**Goat Willow**	Remove
13	Field	**Goat Willow**	Coppice
14	Field	**Cherry**	Remove
15	Field	**Aspin**	Pollard
16	Field	**Cherry**	Pollard
17	Field	**Sweet Chesnut**	Retain
18	Field	**Apple**	Prune reshape
19	Field	**Laburnham**	Retain
20	Field	**Ash**	Retain
21	Field	**Wild Rose**	Retain
22	Field	**Goat Willow**	Remove
23	Field	**Cherry**	Remove
24	Field	**Hawthorn**	Retain
25	Field	**Apple**	Prune reshape
26	Field	**Goat Willow**	Remove
27	Field	**White Beam**	Retain
28	Field	Miniture **Conifer**	Retain
29	Field	**Conifer**	Retain
30	Field	**Buddeliah**	Retain
31	Field	**Cherry**	Retain
32	Field	**Mountain A Rowan**	Retain
33	Field	**Plum**	Retain
34	Field	**Ash**	Remove
35	South Bound	Old **Poplar** Stump	Retain
36	South Bound	**Copper Beech**	Reshape
37	South Bound	**Holly**	Remove
38	South Bound	**Cherry**	Retain Manage dead wood and crossovers
39	South Bound	**Holly**	Remove
40	South Bound	**Cherry**	Remove
41	South Bound	**Cherry**	Retain Manage dead wood and crossovers
42 =2	South Bound	**Plum & Apple**	Retain Prune & reshape
43	West Bound	Field **Maple**	Pollard
44	West Bound	Variety of overgrowth within Western boundary	Reestablish hedge with some pollarding
45	Field	**Goat Willow**	Remove
