Hi William

Further to the discharge application in connection with the above, I would like to advise that Condition 9 (retaining walls) can not be discharged pending the submission of a satisfactory “Construction Compliance Certificate” together with amended “As Built” drawings to conclude the technical approval of the design of the relevant structures.

Please note that the submitted “As Built” drawings include some anomalies which has been brought to their attention but have not been actioned.

Regards

Farhad Khatibi
