Dear Sir/Madam,

We are more than concerned to learn that you are considering a third application to convert 17 Far View Crescent into a residential children's home.

This could have a major damaging effect on a much prized, quiet residential area, housing many elderly people.

Parking could be a serious problem near to a rather congested corner, not to mention staff cars having to stay for hours near to local homes.

Behind the home, there is a massive drop down to a large woodland area - a magnet for older children. The fence would not deter them from attempting to access the woods through Neighbours' gardens.

We beg you to reconsider this application thoroughly and realise the detrimental effect it could have.

Yours sincerely,
