Appendix A – Climate Change Statement

Climate Change Statement for Planning Applications

Part 1: Applicant details

Name of applicant/~~agent~~	Mr M Saleem
Site Address	9 - 11 Cemetery Road, Heckmondwike. WF16 9QS
Description of Development	Conversion of existing first floor storage are into two one bed flats.

Part 2: Climate Change Mitigation measures

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
Glazing is below that permitted under building regulations therefore energy usage will be lower. This is the conversion of existing building fabric and is therefore inherently a lower carbon footprint than a new build.
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
Materials to be sourced from sustainable supplies where possible.
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

Not known
Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)
See Q1
Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)
Not Known
Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)
Not known
Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)
Not known
Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)
Not known
