Type of comment: A general comment	
Do you wish your comments to be published on the website anonymously?	No
Whilst overall we support this application, we would advise that the site is fully cleared of any weeds that have been infiltrating our garden for years since this site has been left abandoned. Moreover existing hedges and stonewalls need to be preserved as a natural habitat for wildlife and for the privacy of neighbouring properties including our own, which must not be compromised. Finally consideration for noise disturbance must be taken into account for neighbouring properties during the build stage.
