As Chair of the Upper Dearne Woodlands Conservation Group, I would like to express the Group's concerns as to the risk to the ancient woodland which borders this development. We understand that the standard 15m 'quarantine' boundary is proposed between woodland and housing. This is allied to no attempt being made to make good the woodland wall boundary. We regard these proposals as ecologically damaging in that they encourage increased human footfall across the woods and the 15 metre quarantine provides insufficient protection to the tree cover. The range of species in these woodlands is itself ecologically and historically significant, reflecting a pattern which dates back to Lepton's founding as a medieval township. and deserving the maximum protection which can be afforded
