Application for the extension of hardstanding to increase area of parking and used car display at Trust Motors, St Andrew's Road, Huddersfield

RECOMMENDATION:

No Objection. The proposals are considered acceptable to Highways Development Management.

The proposal does not increase the use of the site and the vehicle accesses to the site will remain as existing and are unaffected by the proposals.

The additional car parking spaces are proposed for display vehicles and are acceptable.

The approved vehicle parking areas will need to be surfaced and drained in accordance with the Communities and Local Government; and Environment Agencies 'Guidance on the permeable surfacing of front gardens (parking areas)' published 13th May 2009 (ISBN 9781409804864) as amended or superseded.
