<p>Such a change from residential to a child care facility is totally out of character with the environment on woodland glade .</p> <p>A large proportion of its residents are over retirement age and whilst most are quite active the increase in traffic along an already well used entrance to Redwood drive where it is used by many none residents who park up and walk their dogs in the woods therefore restricting passage to a single track would be an accident waiting to happen . This also applies to the current residents children who at present have a relatively safe environment to live in but would be put at an unacceptable and totally avoidable risk should you accept the application .</p> <p>Redwood drive is essentially a long cul-de-sac and the property is right at the end of it , this is not ideal in the event of any unsavoury activity that would undoubtedly result in the emergency services needing to respond quickly and safely .</p> <p>I object most vehemently to this application in this unsuitable location .</p>
