There is a deed of covenant for the Woodland Glade estate that states it is for residential use only and not for business purposes.

The proposal of a Children's Home contravenes this deed of covenant. In addition to this from research and discussions with social workers there are a number of issues that could be brought into the woodland glade estate with the approval of such an application, for example: anti social behaviour, drugs and worse (child grooming).

There are also very concerning safety issues for any child that would reside there in that the company are advertising the facility and address on the internet, surely this is against child protection values and puts them in danger.

Woodland Glade is a community which is regarded as safe for young children to play out without having a sense of fear. This proposal would jeopardise this lovely estate where my children grew up in relative safe surroundings and people who had their best interest at heart.

I would hope that after reading the numerous objections you have received you will see that this has been a poorly managed application with very little thought to the effect on the neighbourhood and the safety of our own personal properties and safety. It is very disappointing that the applicant who knows the area and his own children grew up here hasn't taken any of this into consideration.
