<p>I would like to object about the planned application to change 102 Redwood drive from a dwelling into a residential care home.I understand the owner of the property has already advertised the care home openly showing our facilities and neighbourhood.</p> <p>My objection is mainly based on safeguarding issues. The manner in which he has advertised and identified the specific location of the home, shows a complete lack of understanding of his responsibly for safeguarding issues.This openly advertises the location of vulnerable people to would be perpetrators.</p> <p>Woodland Glade is a family residential estate, where families of all ages and ethnicities work together to provide a lovely community. I feel that this could be put at risk due to family visits to residents of the home, some of whom may have been sexually abused. Antisocial behaviour and drug misuse would also be of concern as this would have a detrimental effect on our community. The property in question is at the end of Redwood Drive which has no through road. There is a small lay by opposite the house which has had reports previously of people using it for sexual exploits. If the care home was agreed this is a prime area for sexual groomers and drug dealers.</p> <p>Th extra traffic coming on to the estate is also a concern. Staff at the home coming and going, social workers and police visiting and also family members, will all add to increase noise and parking issues.</p> <p>I would urge Kirklees council not to grant permission for this application for all of the reasons stated.</p>
