<p>I would like to strongly object to this application. It should not even be an application - the Redwood Drive Estate is a residential estate stated in our deeds and policies, we can not run businesses like this here or change use of building.</p> <p>The only traffic, noise, odour, characters and whole feel of our estate is based on knowing these come from residents only. Everyone is accountable for being a good resident. Everyone I know has moved here for a safe environment for children including myself with two girls. They are now age appropriate to wander up to the woodland glade centre for a play at the park and knowing there are only residents here and everyone knows everyone. Neighbourhood watch works well, If we see people we don't know hanging round we do not turn a blind eye. This would be very difficult with changing staff and children (up to 18) bringing friends and acquaintances onto the estate.</p> <p>Last nights calendar show featured a story on a similar business: we not move onto a residential estate to have these risks on our doorstep. https://www.itv.com/news/calendar/2025-09-10/care-worker-told-not-to-report-teens-abuse-unless-she-is-dragged-into-car</p> <p>If this was approved the whole deeds and policies would be out of the window. Do I turn my house into a travel agency and next door turn his house into a garage.? We'd have 100 shops and businesses on here in no time. Traffic, noise, appearance of the whole estate would be turned on its head and it would no longer be a safe place for our children to play.</p> <p>Thank you</p>
