I support this application as it has been misunderstood in some objections. The home will house only three children with carers, creating no more traffic or noise than an ordinary family. It remains a residential use with no building changes, and the environment will be calm and well supervised under Ofsted regulations. Safeguarding is tightly managed, so local residents are not at risk. This is a small, carefully run home that will give vulnerable children the chance to live in a safe, family-like community.
