<p>I want to back this application and give a different take on some of the concerns raised. This is for a small home with just three children and carers, which fits perfectly into Woodland Glade's residential setting. It's going to look and run like any other family home not a big institution so it won't change the character of the area.</p> <p>The idea that traffic will suddenly become unsafe just doesn't add up. Staff work shifts, visits aren't constant, and the number of cars will be no more than what you'd expect from a household with a few drivers. Redwood Drive already handles traffic safely, and three more children with carers won't change that.</p> <p>Worries about risk or "unsavoury activity" are misplaced. This home will be tightly regulated by Ofsted, with trained staff on site around the clock. That makes it one of the safest, most supervised homes in the area. If anything, it adds security to the neighbourhood.</p> <p>At the end of the day, this is still a residential use. It gives vulnerable children the chance to live in a safe, family-like environment. The effect on neighbours will be minimal but for the children, the impact will be huge. That's why I fully support this application.</p>
