<p>As this is a residential site and I bought my house knowing it was residential use only, this goes against everything that describes residential only and I'm sure that this will have a very negative effect not only on the values of our house which I'm sure Kirklees would not compensate us for that in anyway. This will also have an effect on the safety of all our neighbours with the possibility of drugs and crime escalating in the area, and ironically the people putting in the application have now moved off the site and now residing in Fixby. Basically sticking two fingers up to all residents on the site, it will change the whole dynamics of the estate of being a safe haven for residents.</p>
