

OBJECTION TO 2025/92303

9th October 2025

Re: Planning reference 2025/92303 – Application for a Certificate of Lawfulness

Dear Ms Chew,

I am unable to load my objection on the planning portal. I have therefore emailed you directly, as you are the case officer.

I am writing to object to the issue of the above certificate on the following grounds.

- The developer has not discharged the conditions set out by the council
- This makes a mockery out of the planning process and Kirklees Council
- If passed, it could potentially (and is likely) to be taken to Judicial Review which will be costly to the Council

Yours sincerely,
