<p>The access to this development is via an unmade lane known as Northfield Terrace. Due to the number of properties at the end of this lane, traffic up and down the lane is already heavy and on a weekend and evening the lane is full of parked cars belonging to the residents of the terrace. It is already sometimes impossible for an emergency vehicle to gain access to Nos. 4, 149, 147, 145 and 145A Northfield Terrace, I feel this development will only add to this congestion.</p> <p>There is also a mistake on the location plan which suggests that the lane, Northfield Terrace, belongs wholly to The Dormer and is part of the development. This is not the case, half of the width of this lane belongs to _____ the owner of which requires access during working hours and provides access and parking permission to the residents of Northfield Terrace.</p>
