

**Planning (Listed Buildings and Conservation Areas) Act 1990**

**REFUSAL OF LISTED BUILDING CONSENT**

---

**Application Number: 2025/65/92325/E**

---

**To:** Philip Fletcher  
302, New Road  
Staincross  
Barnsley  
S75 6GP

**For:** M Kabil

**The KIRKLEES COUNCIL hereby give notice that LISTED BUILDING CONSENT has been refused for the execution of the works referred to:-**

LISTED BUILDING CONSENT FOR REPLACEMENT OF EXISTING TIMBER WINDOWS TO GROUND AND FIRST FLOORS (WITHIN A CONSERVATION AREA)

**At:** RASHID RABBANI MADNI JAMIA MASJID, NORTHGATE, DEWSBURY, WF13 1DZ

**In accordance with the plan(s) and applications submitted to the Council on 18-Aug-2025. The reasons for the Council's decision to refuse consent for the development are:**

The applicant has failed to demonstrate sufficient public benefits to outweigh the harm of replacing the windows. The existing windows are historic and contain some high-quality detailing and stained glass. Most of them are highly prominent and make a strong contribution to the significance of the listed building. There is inadequate information within the application, there is no record of the existing windows, or a window schedule and the methods of replication of the stained-glass windows and encapsulation has not been suitably demonstrated. The proposal will not preserve the building or features of architectural interest which it possesses. It therefore fails to accord with Policy LP35 of the Kirklees Local Plan, paragraphs 212 and 215 of the National Planning Policy Framework (NPPF) and Section 66 (2) and 72 (1) of the Planning (Listed Buildings and Conservation Areas) Act 1990.

**Plans and specifications schedule: -**

<b>Plan Type</b>	<b>Reference</b>	<b>Version</b>	<b>Date Received</b>
Location plan	-	-	18 August 2025
Existing elevation - West	-	-	18 August 2025
Existing elevation - North	-	-	18 August 2025
Existing elevation – East	-	-	18 August 2025
Proposed window section	-	-	18 August 2025
Proposed window section - 5671	-	-	13 November 2025
Proposed window section - 5672	-	-	13 November 2025
Proposed window section - 5673	-	-	13 November 2025
Proposed window section - 5674	-	-	13 November 2025
Design and heritage statement	-	-	18 August 2025
Window statement	-	-	18 August 2025

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Planning Authority has, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2024 and otherwise actively engaged with the applicant in dealing with the application.

The agent was contacted to submit a window schedule, provide details of the replication and encapsulation method for the stained-glass windows, provide drawings of the existing windows.

Elevation drawings were provided however there is no reference to which windows will be installed within the openings. No further information was submitted and therefore the application is assessed on the information provided.

**Development within a Coal Mining Area**

**DEVELOPMENT LOW RISK AREA - STANDING ADVICE**

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Mining Remediation Authority on 0345 762 6846 or if a hazard is encountered on site call the emergency line 0800 288 4242.

Further information is also available on the Mining Remediation Authority website at: [Mining Remediation Authority - GOV.UK](https://www.mra.gov.uk)

### **Digital Infrastructure: Fibre To The Property (FTTP)**

Access to affordable and reliable broadband is necessary for Kirklees' residents, businesses, and visitors to take advantage of the growing digital economy and 'digital by default' services. Fibre optic cables direct to a property (FTTP) is the most reliable way of delivering high speed broadband connectivity and allows for gigabit internet speeds. Access to high quality digital infrastructure provides the foundations for, amongst other things:

- Economic prosperity – workforces that are digitally-literate enables business to thrive.
- Digital literacy – digital literacy and skills increase employability and people can exploit the internet for transactional, social, entertainment and learning purposes.
- New services – digital delivery can lower costs and provide innovative public and health services more conveniently.

It is therefore advised that digital infrastructure, including FTTP, and its benefits for the development be considered from the earliest feasible stage. Methods include working with Internet Service Providers to install digital infrastructure alongside other utilities or providing pre-infrastructure allowing for speedier installation at a later date.

**Note:** The provision of fibre infrastructure is often available from certain telecommunications providers free of charge for development over a certain scale, provided that sufficient notice is given. Notice periods are typically at least 12 months prior to first occupation. In some cases, providers may request a contribution from the developer.

**Note:** Where no telecommunications provider has been secured to provide fibre infrastructure by the time of highway construction, it is advised that additional dedicated telecommunications ducting is incorporated alongside other utilities to enable the efficient and cost effective provision of fibre infrastructure in the future.

**Where the application has been publicised by notice(s) in the vicinity of the site. It is respectfully requested that the notice(s) now be removed and responsibly disposed of to avoid harm to the appearance of the area**

If the applicant is aggrieved by the decision of the Local Planning Authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he/she may, by notice served within six months of the date of issue of this notice, appeal to the Secretary of State for the Environment in accordance with Sections 20-21 of the Planning (Listed Buildings and Conservation Areas) Act 1990. Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at [the Planning Inspectorate website](#). Further information on the Planning Appeal process can be found online at [the Planning Inspectorates website](#). You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the Local Authority in regard to the proposed works are in progress.

Please note, only the applicant possesses the right of appeal.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to [dc.admin@kirklees.gov.uk](mailto:dc.admin@kirklees.gov.uk) so that we can work on continually improving our customer service. Thank you.

Dated: 18-Dec-2025

Signed:

David Shepherd  
Executive Director for Place

### Application Plans

The decision notice indicates which plan/s relate to the decision.

Plans can be viewed on [the Planning and Building Control web site](#)

If a paper copy of the decided plan is required please email:

[dc.admin@kirklees.gov.uk](mailto:dc.admin@kirklees.gov.uk)

or telephone (01484) 414746 with the application number.

There may be a charge for this service.
