<p>My two main objection to this application are -</p> <p>The increased risk to vehicles and pedestrians in an area with limited parking for current residents.</p> <p>And to the following two statements to which they have stated "No"</p> <p>"Trees and Hedges Are there trees or hedges on the proposed development site? And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?"</p> <p>The area referenced on the plan is currently covered with young trees and lined on the lower perimeter with mature trees, it has long established hedges and is a haven of biodiversity in the area.</p>
