<p>The space proposed for this development, currently terraced gardens overlooking the river, lies between two blocks of nineteenth century over/under dwellings. These traditional properties give this area of the Holme Valley its unique character and being along the main highway through the valley (ie Woodhead Road) are highly visible.</p> <p>To attempt to squeeze into this confined space four modern houses will detract from the very essence of the conservation area.</p> <p>Aesthetic considerations apart, residents of these properties would need to manoeuvre their cars for access and egress onto what is already a congested road.</p> <p>Its a bonkers proposal. Please don't let it happen.</p>
